“Making *Hatchett* has got to be on my list of ‘Top 10 Weirdest Things I’ve Ever Done.’ So many times, I had thoughts like, ‘I can’t believe I’m actually coating a cabbage leaf with Jell-O,’ or ‘Omg, I just tied a fiber from a green bean to a piece of pasta...?!?!’ lol. And I started noticing things in grocery stores that I never even knew existed. You’d better have the contest again in 2010, because the wheels have already started turning in my head, and I’m sure I’ll have a totally new and exciting entry for next year!
