

SURVEY OF PROBLEMS OF THE NEWSPAPER INDUSTRY
IN FLORIDA

By

Patricia Walker Wilkinson

A Thesis Presented to the Graduate Council of
The University of Florida
In Partial Fulfillment of the Requirements for the
Degree of Master of Arts in Journalism and Communications

University of Florida

March, 1971

TABLE OF CONTENTS

	Page
ACKNOWLEDGMENTS	ii
LIST OF TABLES	vi
LIST OF FIGURES	ix
CHAPTER I. THE NATURE OF THE STUDY	1
Introduction	1
The Problem	2
Scope of the Survey	4
Limitations of the Survey	4
Related Surveys	5
Support for the Survey	6
CHAPTER II. THE PROCEDURES	9
General Design	9
Methods for Eliciting Response	11
Treatment of Data	11
CHAPTER III. RESULTS OF THE SURVEY	14
Type of Respondents	14
Testing the Hypotheses	20
Other Response Differences	30
CHAPTER IV. SUMMARY AND CONCLUSIONS	47
Summary	47
Conclusions	51

	Page
APPENDIX A. THE QUESTIONNAIRE AND COVER LETTERS	55
APPENDIX B. ADDITIONAL INFORMATION ABOUT RESPONDENTS AND THEIR NEWSPAPERS	64
APPENDIX C. VERBATIM RESPONSES TO QUESTIONNAIRE FROM DAILY NEWSPAPERS	78
APPENDIX D. VERBATIM RESPONSES TO QUESTIONNAIRE FROM WEEKLY NEWSPAPERS	93
BIBLIOGRAPHY	118
BIOGRAPHICAL SKETCH	120

LIST OF TABLES

Table		Page
1	Number and Proportion of Responses by Frequency of Publication	14
2	Number of Responses by Job Title	15
3	Number of Responses by Production Methods	16
4	Number and Proportions of Responses by Market Area	17
5	Chi Square Analysis of Response by Frequency of Publication on Need for Research	22
6	Chi Square Analysis of Response by Prime and Non-Prime Market Area Counties on Need for Research	24
7	Chi Square Analysis of Response from Florida and Eastern United States Daily Newspapers on Great Need for Research ...	26
8	Chi Square Analysis of Response from Florida and Mid-States Daily Newspapers Regarding Great Need for Research	28
9	Chi Square Analysis of Responses from Florida and Western United States Daily Newspapers on Great Need for Research ...	29
10	Proportion of Responses by Daily News- papers in Four Regions of the United States on Great Need for Research	31
11	Chi Square Analysis of Response by Production Method to Need for Research ..	32
12	Chi Square Analysis of Response by Title of Respondent to Need for Research.	34
13	Chi Square Analysis of Response from Newspapers by Page Size on Need for Research	35

Table		Page
14	Chi Square Analysis of Response from All Newspapers by Competition Experienced on Need for Research	37
15	How All Newspapers Rank the Five Most Important Problem Areas Needing Research	39
16	How Daily Newspapers Rank the Five Most Important Problem Areas	40
17	How Weekly Newspapers Rank the Five Most Important Problem Areas	41
18	Response from All Newspapers on How Extensively Research Should Be Conducted	43
19	Response from Daily Newspapers on How Extensively Research Should Be Conducted	44
20	Response from Weekly Newspapers on How Extensively Research Should Be Conducted	45
21	Number of Responses from Newspapers by Circulation Group	64
22	Number of Responses from Newspapers by Time Period in Which Founded	65
23	Number of Responses from Weekly Newspapers by Age and Page Size	66
24	Number of Responses from Newspapers by Amount of Retail Sales in the County	67
25	Number of Responses by Retail Sales Percentage-Gain in County over a Five-Year Period	68
26	Number of Responses from Newspapers According to In-County and Out-County Subscription Rate Gains from 1965 to 1970	69

Table		Page
27	Number of Responses from Newspapers According to National and Local-Classified Advertising Rate Gains from 1965 to 1970	70
28	Number of Responses from Newspapers by Ownership and Management	72
29	Number of Responses from Publishers and Others on Which Department of Their Newspaper Interests Them Most	73
30	Number of Responses from Publishers and Others on How Many Times in 1969 They Attended Newspaper-Management or Professional Meetings and Workshops .	75
31	Number of Respondents Who Indicated They Planned to Increase the Size of Their Staffs During 1970-71	76
32	Number of Respondents Who Indicated They Plan Changes in Different Departments from 1970-75	77
