

Town Meeting Notes

September 21, 2007

Disaster and Emergency Planning and Preparedness

The meeting started out with a 40 minute presentation by UPD officer Jeffrey Holcomb. Captain Holcomb discussed university recommendations for staff response to an active shooter incident. After the presentation there was a brief question and answer period.

Then the UF Smathers Library Disaster and Emergency Planning Committee (DEPC) reviewed policies and procedures listed on the Committee web site. Also included were the recently approved hurricane preparedness guidelines and the Smathers Library emergency and disaster telephone numbers and procedures sheet.

Please see the DEPC main page at
