* Selection criteria:
Ohio State University listed but not included in averages, other institutions are the top ten public university libraries, based on the Association of Research Libraries "ARL membership criteria index"
The ARL index is calculated using weighted values for five data elements; Number of volumes held, number of volumes added (gross), Number of current serials received, Total operating expenditures, and Number of professional plus support staff.

** Institutional E&G Budgets Survey Year 2001, latest year available.
*** Estimate based on latest reported data
